

Michael Tally

Hi all , i'm Mike Tally , director of science here in Wake County Public Schools , Raleigh , NC. We are a very large school system , with over 140,000 students. I work with our 27 high schools and 37 middle schools in the area of curriculum and instruction. I just returned from Costa Rica , traveling with a group of science teachers from around the country. A trip sponsored by NSTA. We were tagging green sea turtles , climbing volcanoes, and observing howler monkeys . I'm looking forward to this project and working with our teachers concerning global climate change , Mike.

Recruitment

12.07.10: I'm getting started contacting 27 high schools...

Currently have 10 science teachers agreeing to be part of the PLT in climate change.
