

# Professional Learning Community Interest Form

The Georgia State University NASA Global Climate Education grant has established a professional learning community (PLC) to share curriculum resources and best practices for teaching about climate change from 7-12 grades and within higher education. The PLC convenes monthly in-person at the Georgia State University campus. *Teachers who are interested in participating in the PLC agree to meet at minimum once a month, engage wholly in activities and events in support of the PLC, and to actively recruit additional teachers.*

## Contact Information

Name	
Street Address	
School/Organization	
City ST ZIP Code	
Home Phone	
Work or Cell Phone	
E-Mail Address
